

THET LINK TRAVELLERS facility with Diversity Travel

When arranging travel, be it from the UK, Africa or Asia, it can at times become a very stressful affair for you and your partner. Sometimes things have to be planned at the last minute or sometimes a long time in advance with not a very large budget to work with. And sometimes things just don't always go as planned and changes have to be made to schedules that have already been confirmed.

At THET we can face these very same problems and understand that these can also carry huge cost implications.

As a THET registered Link, we are able to offer you access to Diversity Travel, one of the preferred travel agencies that we use. They are an independent travel management company with many years experience in negotiating charity specific fares.

Diversity Travel offer flexible, holdable and competitive fares. Some of the benefits of using Diversity Travel are:
