

## OUR EVENTS

THET runs three strands of events throughout the year:

### 1) THET's Annual Conference

Bringing together over 400 delegates from over 140 organisations and 35 countries, our [Annual Conference](#) is the UK's largest Health Partnership event. This is a must attend for all those interested in global health engagement and partnerships.

### 2) Training days for health professionals engaging globally

With the support of Health Education England, THET runs trainings to provide health professionals with an opportunity to learn from, and engage with, experienced colleagues in the field of global health through a mixture of workshops, presentations and interactive sessions. Delegates are encouraged to explore what is needed both personally and professionally to make the most of global engagement opportunities.

### 3) Thematic events

As part of our aim to promote quality and best practice within the Health Partnership community, each year we delve into a theme which we consider to be crucial to improving our work and that of our partners. This half day event welcomes leading voices from the health sector to discuss common challenges, interrogate key debates and share learnings that help guide progress in specific areas of global health. In the past we have focused on cross-cutting themes such as [innovation](#) and diaspora.

## GET INVOLVED

Find out how you can participate and support our events portfolio as an organisation, employer and individual.

### For organisations

Each of these events offers a unique opportunity to showcase your work to a select audience, **network with experts** and leaders in global health, and **grow your brand**. We offer tailored sponsorship and exhibition opportunities for organisations interested in attending or collaborating in our events.

### For employers

Our events are excellent **Training and Development opportunities** for professionals working in the health sector, whether in the NHS, academia or civil society organisations. Our events are CPD accredited, consistently receive high satisfaction rates from attendees, and offer great value for money.

### For individuals

THET's events offer a chance to **learn from peers**, share learning and become involved in global health. You will **expand your network** and **establish new links** across sectors and borders and hear first-hand how global engagement can benefit you.

*If you would like to get involved in our events or learn more about our services, please contact our External Engagement Coordinator, Raquel Pérez: [raquel.perez@thet.org](mailto:raquel.perez@thet.org).*

*We are grateful for THET's ability and willingness to be creative and flexible, finding ways to continue to deliver education and information exchange sessions promoting global learning and the ways of preparing for and getting involved in this field."*

– Fleur Kitsell, Health Education England

## OUR SERVICES

Organising events can be challenging. From finding the right format and technology, to ensuring delegates make the most of the experience and content is accessible to all, there is a lot to consider. Our External Engagement Team has years of experience managing both in-person and online events for diverse, international audiences in the global healthcare sector. We can support you with:

### ONLINE EVENTS

Our team can guide you through how to prepare and run a successful online event, by providing you with the software, trainings and support you need.

**Zoom Functionality:** Access to Zoom Webinar package for up to 500 people or Meeting functionality with breakout rooms for up to 300 attendees.

**Before the event:** Pre-event technology and training sessions for speakers, delegates and sponsors; user guides for speakers, delegates and sponsors to ensure best possible engagement on the day; and graphic and Power Point Templates for branded presentations and content.

**During the event:** Set-up and event support to ensure that everything runs smoothly on the day, plus accessibility add-ons to ensure all delegates can participate.

**After the event:** Editing and uploading of recordings to ensure your content is accessible, plus comprehensive data analytics and a full live transcription service for your event.

*'The annual THET conference is the place where we go to find out what is happening and going to happen in global health. THET are definitely one of the thought leaders in health partnerships and what they talk about one year always seems to become a hot topic a year or two later. We always come away with new contacts, new ideas and energy for the coming year.'*

– 2020 Conference Exhibitor

### IN-PERSON EVENTS

Having run in-person events for audiences from 20 to 300, our team are hugely experienced in event planning and on-the-day management. Our team are able to support with:

- **Venue sourcing**, with a track record of events held across the UK and internationally, the team are able to source creative and appropriate venues for a variety of event formats.
- **Tailored marketing and communications** support for event branding and advertising. We can also work alongside your team to develop income generating ideas and support with approaches to sponsors and exhibitors if applicable.
- **Development of briefing notes** for speakers, delegates and sponsors to ensure all details are communicated in good time allowing for a smooth transition on the day.
- **On-the-day event management**, working with AV and speakers to avoid technical mishaps and keep to schedule.
- **Post-event follow up**, including support with developing feedback mechanisms and reporting.
