

# Commonwealth Partnerships for Antimicrobial Stewardship

## Final Sharing and Learning Event Programme

### Objectives:

- To celebrate and showcase the work of the CwPAMS grant holders in improving antimicrobial stewardship in health institutions, contributing to respective AMR National Action Plans, and providing mutual benefit to the NHS.
- To share ideas and strategies for maintaining progress, and ensuring sustainability, post-projects.
- To explore how changes can be monitored and sustained at a national level.
- To discuss achievements and challenges faced by partnerships.
- To ensure learning is captured and informs approaches to any successor programme.
- To keep key stakeholders informed, and improve coordination and alignment going forward.
- To highlight key CwPAMS tools and resources developed.
