PROGRAMMES MANAGER

JOIN OUR TEAM!

About the Tropical Health and Education Trust (THET)

THET is a global health charity working in partnership with governments, health institutions, and international bodies to train health workers and strengthen health systems across 31 countries.

We do this through grants management and capacity building, alongside research, convening and advocacy towards the goal of Universal Health Coverage. At the centre of our approach, is the model of Health Partnerships, long-term relationships between UK and LMIC health institutions, which improve health services through the reciprocal exchange of skills, knowledge, and experience.

At the heart of our work is vision of a world where everyone has access to healthcare.
